WORK EXPERIENCE

Amazon Web Services — May 2026 – Sep 2026
Product Marketing Intern — Beijing, China

- Led 0-to-1 GTM strategy and cross-functional launch of the AgentCore Demo Center, AWS's first public, self-service demo website; designed the user journey from hands-on exploration to product deployment
- Defined the Demo Center's messaging framework and authored all site content, translating industry pain points into AgentCore value propositions; built the full website with 15+ interactive guides using a spec-driven AI workflow
- Identified four demo pipelines and developed a phased roadmap for future website iterations, prioritizing candidates by industry relevance, customer need, technical fit, and implementation value
- Synthesized insights from surveys with 2 enterprise clients into an AI-adoption narrative, coordinating feedback across 4 teams through 7 rounds of revisions to deliver CEO-level keynote materials for the AWS China Summit
- Managed content operations and speaker communications for 70+ AWS China Summit sessions across 5 teams; delivered data-driven post-event feedback to 130+ speakers and contributing to a 4.67/5 summit satisfaction score
- Designed a customer nomination form adopted by 3 teams; built an automated dashboard to score customer stories by use case depth, brand recognition, and business impact, guiding story selection for GenAI awareness campaigns

IPG Mediabrands — Jun 2024 - Aug 2024
Media Planning Intern — Beijing, China

- Coordinated cross-channel execution of a Volkswagen Touareg campaign across 5 platforms, building weekly KPI dashboards for a CNY 69M budget that drove 45%/47% outperformance on impression and lead targets
- Tracked media spend and share of voice for 10+ auto brands, building a competitive ranking system that identified key windows and informed data-driven scheduling recommendations

DHgate Group — Jul 2023 - Oct 2023
Strategy and Community Development Intern — Beijing, China

- Supported research for a women-entrepreneur community product, defining target users and needs through interviews; designed the value proposition and engagement mechanics that acquired 15+ seed users
- Benchmarked competitor content strategy across TikTok and RedNote to identify 3 seller-education models, then recommended TikTok as the primary channel and designed the full acquisition funnel

MIT Sloan School of Management — Jul 2022 - May 2023
Undergraduate Research Assistant — Boston, MA

- Collected, cleaned, and analyzed 200,000+ public-sector records across 20+ cities using Python, building a standardized data pipeline for large-scale performance analysis and insight generation

PROJECTS

Columbia University – Paid Search Advertising Experiment — Feb 2026

- Designed and ran a Google Ads A/B test for a protein-powder brand, comparing audience segments on CTR, CPC, and impressions; recommended shifting to keyword optimization, driving core keyword CTR to 12%

Columbia University – E-Commerce User Behavior Analysis — Nov 2025

- Analyzed 2.5M+ ecommerce records to predict user purchase intent within the first 5 interactions (AUC 0.96); segmented 200K+ users into 4 behavioral personas to identify high-value conversion opportunities
